

Side-floats test

This stylesheet tests side floats. We test `fo:float` element with various values of `float` and `clear` properties. In addition we test various values of `intrusion-displace` property of surround blocks.

Properties used for the test are:

- `float`
- `clear`
- `intrusion-displace`
- `reference-orientation`
- `writing-mode`
- `width`
- `height`

1. Float property

This float properties are:

- `float="left"`
- `clear="none"`
- `width="2in"`
- `height="auto"`
- `reference-orientation="0"`
- `writing-mode="lr-tb"`

On this page two `fo:float`'s is placed - the blue `fo:float` near left side and the green `fo:float` near right side.

This float properties are:

- `float="right"`
- `clear="none"`
- `width="2in"`
- `height="auto"`
- `reference-orientation="0"`
- `writing-mode="lr-tb"`

2. Clear property

This float properties are:

- float="left"
- clear="none"
- width="2in"
- height="auto"
- reference-orientation="0"
- writing-mode="lr-tb"

This float properties are:

- float="left"
- clear="none"
- width="2in"
- height="auto"
- reference-orientation="0"
- writing-mode="lr-tb"

There is 4 fo:float's. First of them is blue. It have float="left" and clear="none" and placed on the top left corner. Second fo:float is green, have float="left" and clear="left" and situated under the blue fo:float. 3rd fo:float have yellow background and flow to the right side on the same level as previous because it have float="right" and clear="left". And pink

fo:float have to placed from the right of first (blue) fo:float according float="left" and clear="none".

This float properties are:

- float="left"
- clear="left"
- width="2in"
- height="auto"
- reference-orientation="0"
- writing-mode="lr-tb"

This float properties are:

- float="right"
- clear="left"
- width="2in"
- height="auto"
- reference-orientation="0"
- writing-mode="lr-tb"

3. intrusion-displace property

This float properties are:

- float="left"
- clear="none"
- width="1.5in"
- height="auto"
- ~~reference-orientation="0"~~
- writing-mode="lr-tb"

This float properties are:

- float="left"
- clear="right"
- width="2.5in"
- height="auto"
- reference-orientation="90"
- writing-mode="lr-tb"

:This float properties are

- "float="right"
- "clear="left"
- "width="2in"
- "height="auto"
- "reference-orientation="180"
- "writing-mode="rl-tb"
